Subject: The Ruse

Finally the developments that have been birthed in the backgh have been exposed. It' a good start cutting off the head of the snake but much more needs to be investigated. I feel all of the permits and the alcohol license should be put on hold. First it's the Matheson and now this. Mr. Eddinger should be barred from any other panel, board and anything else yes he's had his dirty hands in. Thankfully , Mr. Civian and Eddinger are exposed.The City council and city planners have been waiving everything before the public has any say on it. This is corruption. it's hard to believe that no CC City planner did not have prior knowledge about this development.
